I think it's a good idea, too. We reportedly already have an incoming FOIA working its way through to us...

Subject: responses to PA FEIS

To all the cooperating agencies:

The Forest Service greatly appreciates all the time and effort you put into reviewing the PA FEIS for the Rosemont Copper project. We are reviewing all the comments at this time and may contact you with questions if necessary. Please be aware, the FS has been receiving FOIA requests for all the cooperating agency comments. We are contemplating posting all the comments on the web to alleviate the need for additional FOIAs. Please let me know if your agency has a concern regarding the release of your comments and I will pass those along to our FOIA coordinators to review whether or not the can be exempt from the process.

Thanks you!
